onference between the representatives of the allied trades and the packers and the buchers, which ad-journed last night after failing to reach an agreement was resumed early this morning. At noon the conferees gave up hope of reaching an under-standing and the deliberations were standing and the deliberations were brought to an abrupt ending, after the backers had expressed a desire to live up to the terms of the arbitration agreement reached last Wednesday, right any wrongs that might have been committed by their foremen and superintendents and had announced to the union men the name of Samael McLean of the National Packing company to represent them on the arbitration. Union Men Make Statement.

Union Men Make Statement.

"To the Public: On Wednesday, July 20, the teamsters and mechanical trades called on the packers and requested a conference. Feeling that the situation in the stockyards was one that would cause a walkout of all employes, and to prevent this, a conference was secured and an agreement was reached which, we believe, would have settled the strike if lived up to by the packers. When representatives of the strikers called upon the packers to arrange for the return of the men, they were told to have all employes report for work. When the men reported, the packers selected such men as they needed. This would have demoralized the men if permitted.

"Great numbers of men and women were told in language unfit to repeat, that they were not wanted. Hence the second strike. After the second strike was sudered the needers and representatives.

they were not wanted. Hence the second strike. After the second strike was ordered the packers and representatives of the allied trades got together again. The packers insisted that we try and put the agreement into operation, admitted the violation, and they promised to see it would not happen again. As union men we had to refuse this proposition and asked that an understanding be had which would return employes as agreed upon. This they refused. We have now offered a final proposition, which, if rejected, will cause a cessation of work on Menday.

Ready For Long Struggle.

At the stock yards tenight the packers are making preparations for a long struggle. As soon as all peace negotiations were declared futile all the heads of the different preparations in the various plants were notified to hire all the workmen they could possibly obtain. From the progress that had been made up to a late hour tonight the midications are that fully 2000 men will have been engaged by tomorrow night. It is the intention of the packers to house these men in the plants. Warehouses are being filled with permanent kitchens, bunks, etc., to accommodate a total of 5.590 men, who, it is claimed by the packers will be in the plants by Monday morning. The strikers met a their various union headquarters during the afternoon and night a nd listened to addresses by their leaders in which the general strike, which seems already a fixed programme for Monday was the only subject discussed.

The Japanese left only two divisions at Kiao Chou. These are strongly entrenched and on the defensive. Other Japanese troops formerly at Kaio Chou were embarked on transports for the vicinity of Port Arthur. The capture of that stronghold has become a vital question for the Japanese. They have been able hitherto to adopt the offensive, but they realize that General Kuropatkin himself will soon be able to take the offensive, and foresee that they must have a strong naval base. Port Arthur is the key to all Japanese operations.

Hamburg, July 23.—The Hamburg-American line steamer Scandia has aboard a consignement of ammunition, a portion of which it is asserted was to have been landed at Singapore for to have been landed at Singapore for trans-shipment to the German government stations in the South sea. The other portion was billed to Shanghai for the Chinese government. The presentation of a complaint at Port Said is difficult owing to the fact that the German consul there also represents Rissian.

Reply of the Packers.

"Gentlemen: Your communication of this afternoon has been received and carefully noted. We most emphatically deny that there has been any violation of the agreement on our part. Our explanation, after investigating every supposed case, should have satisfied every one present at the last two conferences that there were no deviations but what might be expected in putting to work such a large body of men at once time but what could have been readily adjusted had the organization desfred to do so.

"We regard Mr. Donnelly's action as entirely unjustified. In calling the second strike on sensational and misleading reports within an average of thirty minutes from the time the men were ordered to work and before it was possible for any considerable number to be placed, without making the slightest effort to verify such reports or to remedy such reports if they exist.

"We have a definite agreement with our employes, the same having been signed by their representatives and the representatives of all the mechanical and allied trades, and we stand ready on our part to see that it is carried out."

He desires to confer with his assistants, or at least to obtain their opinions, as he thinks such a course towards them the courteous one for him to take.

Sunday afternoon a delegation representing Carter H. Harrison, mayor of Chicago, will arrive at Rosemount for the purpose, it is understood, of urging Judge Parker to attend a ratification meeting at Chicago on August 2nd and speak from the same platform with William J. Bryan.

No word has came te Rosemount today which throws any light on the Democratic national chairmanship.

In contradiction to the story that no overtures have been made to Judge Parker with a view to bringing about closes relations between the candidate for president and Tammany hall, it was learned here today that Edward S. Rapalio of New York wrote to Judge Parker on July 12th inviting him to take dinner with Tammany hall men at the New York Democratic club. No time was named for the dinner, but Judge Parker was urged to set a date prior to accepting lavitations to any other formal dinners.
